If you are troubled with piles and can't find a cure, try Witch Hazel Salve, but be sure you get that made by E. C. DeWitt & Co., Chicago. It is the original. If you have used Witch Hazel Salve without being relieved it is probable that you got hold of one of the many worthless counterfeits that are sold on the reputation of the genuine DeWitt's Witch Hazel Salve. Sold by all druggists.

OPEN FOR WOMEN

Rest Rooms Fitted Up by W. C. T. U. Ready for Use Tomorrow.

MRS. T. J. HUEY IN CHARGE

Hours from 11:30 a. m. to 9:30 p. m.—Improvements From Time to Time Planned.

Tomorrow morning at 11:30 the rest rooms prepared and furnished by the Rock Island branch of the W. C. T. U. in the Blakesley block over Bartlett Bros. store on Third avenue, will be opened to the public and from that time on will be maintained for the free use of young women between the hours of 11:30 a. m. and 9:30 p. m., on week days.

There are three rooms and toilet. The furnishings are fairly complete, lacking some of the things that the members of the union hope to install later. A piano has been provided; there are reading matter, chairs, couches, etc. Shortly it is hoped to add tables for various games and other periodicals.

Separate From Noon Rest.

Though in the same building as the Noon Rest rooms, the W. C. T. U. rooms have no connection with the former beyond the fact that both are intended for the use of women who are employed in the business part of the city or who are here from other cities or from the country on shopping expeditions, and it is probable that one will supplement the other as they are presently located.

Members of the W. C. T. U. are enthusiastic in the support of the enterprise and this assures its success. They endeavored to find a front suite of rooms, but were unable to do so. They hope, however, to remedy all defects in the fullness of time and to add to the features and scope of the work, a bureau of information for working girls being one of the innovations now planned. Mrs. T. J. Huey will be in charge of the rooms.

POSTOFFICE MERIT RULE WILL BE IGNORED AGAIN

Iowa Senators Hold Up Confirmation of W. S. Gardner at Clinton—He Is a Cummins Man.

A week ago it was stated in dispatches from Washington that the merit rule had at last triumphed in the making of postoffice appointments and

W. S. Gardner had been nominated by the president for a third term as postmaster at Clinton, Iowa, on his record as an efficient public servant. But it seems the high and mighty senators from Iowa had not been consulted in advance. When they found out about the nomination Senators Dolliver and Allison were displeased and through their efforts Mr. Gardner's confirmation was postponed and it looks as though it will not take place, if the senators' wishes prevail. For Mr. Gardner has made the mistake of having expressed himself as favorable to A. B. Cummins for governor for another term and his views do not meet with the approval of the senators, who favor Editor Perkins, and Dr. Smith. Gardner's opponent is a Perkins man. So it appears that the postoffice merit rule is to receive another jolt in the solar plexus.

CONCLUDE TO REMAIN HERE

R. G. Hudson and Charles Collins Not to Move From Rock Island.

The friends of R. G. Hudson and Charles Collins will be gratified to know that these gentlemen comprising the contracting and building firm of Hudson & Collins, have concluded after all, not to move from Rock Island. While the plans of Messrs. Hudson & Collins last fall contemplated removal to South Dakota, they have through a rearrangement of their affairs, determined to stick by the old town. The firm is one of the best known in Rock Island, and there is satisfaction in knowing that it will continue to do business at the old stand.

WRIGHT IS NAMED

Again Chairman of the Democratic City-Township Committee.

PERFECT THE ORGANIZATION

John P. Sexton Continues as Secretary—Meeting of Committee and Candidates Tomorrow.

A brief meeting of the democratic city township committee was held last evening at the Rock Island house parlors, for the purpose of organization. The meeting was held on the call of Chairman George Wright. The newly elected committee reelected Mr. Wright as chairman, and also reelected J. P. Sexton secretary of the committee. The elections were unanimous.

Meets Candidates. The committee adjourned after making arrangements for a conference of the committee and the candidates for office in the town and city election, to be held tomorrow evening at the Rock Island house parlors, at 8 o'clock.

Telegraphing on Moving Trains. Experiments with wireless telegraphy on moving trains have been found very successful and it is predicted that before long all trains will be supplied with this apparatus. It is claimed that many serious accidents can be prevented, as a moving train can be warned of danger no matter where it may be. Nature also has a system for warning you of impending sickness, and unless you resort to Hostetter's Stomach Bitters at once you're going to be the loser. Poor appetite, sleeplessness, nervousness, constipated bowels and sick headache are signals that must be heeded. The Bitters will not only correct the above ailments, but also cures dyspepsia, indigestion, biliousness, liver and kidney troubles, female ills, chills, colds, grip or malaria, fever and ague. Therefore we urge you to try a bottle at once. All druggists.

WHAT WE DO IN OUR JEWELRY SHOP.

Repair all kinds of watches and clocks; submit designs and estimates for making to order all kinds of jewelry, including class pins, medals and presentation jewels. Make or furnish diamond ring mountings to order. Put new clasps on diamond ring settings. Make gold monogram charms for fobs.

Furnish photographs in watch cases or on dials.

We never refuse a job of any kind if it can be done by anyone. We refer to such occasional jobs as fan, pipe, amber and mother-of-pearl repairing; ivory or tortoise shell-work; new combs, mirrors, brushes, whisk brooms, to replace old ones in silver mountings. We know the best place to send every job that is out of our regular line. It is no bother—it is part of our business.

LEADER IS GONE

Miss Susan B. Anthony, Long Head of Woman's Suffrage Move, Dies.

PNEUMONIA FATAL DISEASE

Lived to See Marked Change in Popular Estimate of Her Work.

Rochester, N. Y., March 13.—The long and eventful life of Susan B. Anthony closed at 12:40 this morning. The end came peacefully. Miss Anthony had been unconscious practically for 24 hours, and her death has been momentarily expected since Sun-

SUSAN B. ANTHONY.

day night. Only her wonderful constitution kept her alive. Dr. Ricker, her attending physician, said Miss Anthony died of heart failure induced by double pneumonia.

Miss Anthony was taken ill while on her way home from the National Suffrage convention in Baltimore. She stopped in New York where a banquet was to be given Feb. 20, in honor of her 85th birthday, but she had an attack of neuritis on the 18th, and hastened home, pneumonia developing after her arrival here.

Saw Change in Sentiment. Miss Anthony lived to see a decided change in sentiment from the time, in the winter of 1861, when she was hissed and hooted when she attempted to give a lecture on abolition. That lecture tour which started in Buffalo, was a series of riots but Miss Anthony never flinched. The insults heaped upon her culminated in Syracuse, when she was egged, and burned in effigy. Her life for the past few years had been in strong contrast to these stormy times. She lived with her sister, Miss Mary Anthony.

Born of Quaker Parents. Miss Anthony was born at South Adams, Mass., Feb. 15, 1820, of Quaker parents. There were three girls and two boys in the Anthony family, the boys being the younger. Susan was a precocious child, and her early schooling was received in a country school maintained by her father for his own and neighboring children.

Miss Anthony resolved to become a school teacher, attended Friends' boarding school at West Philadelphia during the term of 1837-38, and until 1850 she taught in various small schools. The suffrage agitation, which gained its first impetus about 1848, won her support, and to this work she devoted her life.

First Temperance Work. In 1852 Miss Anthony aided in organizing the first woman's temperance society, and she became active in anti-slavery and woman's rights work. During the civil war she organized the Woman's National Loyal league and acted as its secretary throughout the rebellion.

After the conflict, Miss Anthony devoted herself exclusively to the cause of woman's suffrage. In 1868 she founded The Revolution, a journal devoted to the suffrage cause, and in the following year she organized the National Woman's Suffrage association, of which she became president and later honorary president.

In 1872 she was arrested in Chicago and tried for voting under the Fourteenth amendment. She was convicted by a jury and fined.

Writes History of Suffrage. From that time until her death, Miss Anthony engaged in eight different state campaigns for a constitutional amendment enfranchising women, and she was a familiar figure in the halls of congress, where she appeared before committees since 1869. She was joint author with Mrs. Elizabeth Cady Stanton and Mrs. Matilda Joselyn Gage of "The History of Woman Suffrage," and made numerous lecturing tours in the United States and England.

Miss Anthony's home life was ideal. She lived for many years at Rochester, N. Y., and her home was the rendezvous of the most enlightened men and women of the age, who admired her for her courage of conviction and the nobility of her character.

Funeral Thursday. Rochester, N. Y., March 13.—The

funeral of Susan B. Anthony will be held Thursday afternoon.

Nasal CATARRH

In all its stages.
Ely's Cream Balm
cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents. ELY BROTHERS, 56 Warren Street, New York.

WHY MARCH IS THE MOST DANGEROUS MONTH

March is the most dangerous month of the year because the change of season is more than a good many systems can stand. Too often it is true that the sick "last only till spring." But if the system is fortified, if the impurities are driven from the blood, and the nerve tissues fed with wholesome and strengthening food medicine, there is no danger in the change of seasons. Father John's Medicine is invaluable as a tonic in the spring. It strengthens the system and drives out the poisonous waste matter—builds up the body. It is this power that has made it so successful in curing colds and all throat and lung troubles. No weakening stimulants, morphine or other dangerous drugs. Father John's Medicine is for sale by T. H. Thomas.

No Morphine or
poisonous drugs.

Have YOU Been to El Paso?

If not, you have missed some thing. El Paso is a prominent point on the Rock Island's Southern Route to California. It is worth visiting, even if you go no farther west or south. It is just this side the river from Old Mexico and has much of the quaintness of Mexican environment about it. It is an enterprising American city, however—entered by eight railroads, and is a great health resort. It combines a dryness of atmosphere with the tonic of a wide daily range of temperature—just the conditions you like. Let me tell you about our reduced rates and our service to El Paso.
